TRANSPORTATION

We are very proud to once again be the only day camp in Toronto to offer AIR-CONDITIONED BUSES through Stock Transportation, our transportation provider.

AM Bus Pick Up:

- Be sure to be ready before your expected time for bus arrival.
- Parents will be notified of the approximate time of bus arrival by the weekend prior to the first day of camp. If you are not reached, please have your camper ready for 8:00 am just for the first week or until you know a more precise pick up time.
- Be ready, waiting for the bus with your camper, his/her Crestwood Knapsack in hand, at the sidewalk (Make sure they use the bathroom as well!).
- For the first few days of camp, transportation may be delayed as parents take longer to say goodbye to their campers.
- **Please Note:** The Bus will only wait 2 minutes before moving to the next house.
- **Breakfast should be eaten at home and not brought on to the bus.** There are many campers with life threatening allergies and there will be no exceptions to this rule.
- Only registered campers and staff are permitted on the bus. This rule applies to all parents/legal guardians. Please co-operate with us in regards to this rule.

PM Bus Drop Off:

- Please be outside waiting for your camper. A parent/guardian must be at home prior to the expected time of arrival. This will make the bus route faster for all of the campers.
- Drivers WILL NOT drop-off a camper unless the authorized person is waiting outside the house to receive the camper.
- Please help us to maintain a good routine so the bus ride is as short as possible. The pick-up and drop-off times will be more consistent once we are all accustomed to the bus routine.

Transportation Changes:

- **If you need to make a change to the transportation arrangements you originally registered for, such as a change in address- you MUST let the office know prior to June 1st.**
- If your transportation change involves morning pick up or afternoon drop off-please call the **Camp Office immediately at 416-444-9595 as soon as possible.**
- If you need to drop off your camper in the morning who regularly takes the bus, please call the camp office so that we can cancel the bus for that morning. When you do arrive at camp, you **MUST** sign-in your camper at the camp office immediately.

If You Need to Pick Up Your Child from Camp Occasionally:

- If you need to pick up your camper from camp early, you **MUST** notify the camp office by no later **than 2 hours prior to the requested pick up time** on the day of the pick-up. This allows your child a smooth transition to complete their day and to avoid interruptions to our camp programming.
- Your child will be waiting for you at the camp office at the arranged time and **MUST** be signed out before leaving the property. Please make sure to bring a piece of photo ID with you when picking up. Only authorized contacts will be allowed to pick up a camper.
- All pick-ups done until 3:30 pm are done in the camp office.
- 3:45 pick-ups will be done in the Dino Building (or the first red brick building on your left side when driving down the hill).
- WE WILL NOT release your camper unless the authorized person is waiting to receive the camper.

HEALTH CENTRE

Crestwood Valley Day Camp's Health Centre is staffed at all times during the camp day. The Health Centre staff are on site to respond to all medical issues as well as administer required medication.

- It is the responsibility of the parent/guardian to notify Crestwood Valley Day Camp of any changes to the information provided on the Camper Health Form (at the time of registration) so that we have the most recent medical information for all campers.
- In the case your camper visits the health centre you will receive a note home that evening with details of the visit. If the camper needs to be picked up the parent/guardian will be notified immediately.
- **Please do not send your camper to camp if it is suspected that he/she is not feeling well.**
- **If you're camper has been home ill, they must be symptom free for 24 hours upon returning to camp.**
- **If you're camper has a fever, once the fever has been controlled for over 24 hours without medication, the child is usually safe to return to camp. However, your child may still need to stay home if they are continuing to experience other symptoms, such as diarrhea, vomiting, or a persistent cough .**
- **Head Lice: We must take extra precaution to limit the transmission of lice at our camp. Though bothersome, head lice will not harm children and adults, nor cause illness. Having head lice does not mean a person is unclean or the environment is dirty. Head lice are almost always transmitted from one person to another by head-to-head contact.**
 - **Prior to arriving at camp, please examine your child's head and everyone else in the household for lice and nits. Start examining the head by beginning around the ears and at the nape of the neck and then the rest of the head. If your child does have lice, begin treatment.**
 - **If your child is found to have lice or nits, they will not be admitted to camp until the situation is resolved. A parent will be notified immediately, and will need to pick their child up from camp. Campers will not be allowed back to camp without a certificate/note from a Lice Clinic or nurse, indicating that your child no longer has lice or nits.**
- **Please note: It is the responsibility of parents/legal guardians to notify the Camp Office, in writing, if there is any change in the health of your child between the time of completion of the Camp Health Information form and their arrival at camp or throughout their summer session.**

ALLERGIES – WE NEED YOUR COOPERATION!

- A number of campers at our camp have Life Threatening Allergies to food such as nuts, nut oils, various fruits and vegetables, as well as certain food additives. To protect these campers, we must insist that **NO FOOD OR JUICE OF ANY KIND BE SENT TO CAMP WITH YOUR CAMPERS.**
- It is very important that you inform your caregiver NOT to pack any food or juice. It is tempting for a camper to share a snack on the bus with his/her neighbour, however, a child with a life threatening allergy could die within minutes of food sharing. Please check that your camper's hands and teeth are clean from peanut butter before boarding the camp bus in the morning.

Please support us in our continuing efforts to provide the safest measures for all of our campers!

MEDICATION & MEDICAL CONDITIONS

- No medication can be given at camp without the permission from a camper's parent/legal guardian. This includes prescriptive and all over-the-counter medication.
- If you are planning to send medication, it **MUST** be in the **ORIGINAL BOTTLE** labelled with the camper's name, name of medication and dosage required and time to administer the medication.
- Send enough medication for **camp use only**, leaving the remainder at home.
- Medication may be administered by the Health Centre or a person designated by the nurse or the Camp Director.
- If you are going to send medicine, please call the camp office at (416) 444-9595 before the camp day begins.

RAINY DAYS & EXTREME HEAT DAYS

- The Crestwood campers and staff are always 'Sun Smart'. Whether re-applying sunscreen, keeping hats on heads, drinking water, refilling water bottles, keeping cool in our air conditioned spaces and busses, all help beat the heat at camp. Staff are well trained to ensure campers' safety at all times.
- In heavy rain or extreme conditions, programming continues like usual in indoor, air conditioned locations.
- Please monitor the early morning weather reports and send the appropriate clothing and shoes for the weather.

SWIM

- The philosophy behind our Swim Programme is to develop skills and confidence, a LOVE for the water and an understanding of water safety in the pool. We utilize floatation devices and creative learning techniques with our instruction. We follow the Lifesavings Society Learn to Swim Programme offering all levels, skills and safety education. If for any reason a camper needs to miss swimming a parent and/or guardian must phone the camp office to let them know.
- Our campers enjoy very small classes and "hands-on" daily instruction in our four, heated, outdoor, Salt-Water-Systems pools. Crestwood's aquatic staff are fully certified instructors with current teaching experience. They are trained to focus on the individual needs of each child and are committed to developing strong, confident, "water smart" swimmers. Regular in-service training of our swim staff enhances our professional instruction and safety supervision. Training is provided by our Swim Director and Camp Director Eric Shendelman, owner of Shendy's Swim Centre and developer of the Lifesaving Society Swim for Life 10 Level Programme.
- Crestwood's Swim Programme includes:
 - Lifesavings Society Swim for Life 10 Level Programme
 - Lifesaving Society Fitness Programme ("Bronze, Silver and Gold")
 - Lifesaving Society Patrol Programme ("Rookie, Ranger and Star")
 - Lifesavings Society Bronze Medallion and Bronze Cross
- Nursery, JK and SK grad campers receive a daily instructional swim and a daily recreational swim. Grade 1-6 grads receive a daily instructional swim and enjoy a recreational swim a couple times a week. LIT's and CIT's have optional daily instructional swim and recreational swim. Swim report cards are issued at the end of each camper's session to let you know how they have progressed.
- Earplugs for Swim:
 - Send earplugs in a LABELED, sealable container.
 - Our staff can assist camper(s) with their earplugs should they need it.
 - It is a good idea to have a spare set at home.

If you have any questions regarding the swim programme or your camper(s) progress, please call the Swim Director through the camp office at (416)444-9595

CRESTWOOD SPORTS ACADEMY

For the young athletes that enjoy a variety of sports, the Crestwood Sports Academy is a dream come true! Basketball, baseball and soccer lead the roster of sports offered. This program helps campers explore, develop, and improve their skills while building self-confidence. In addition to these popular sports, campers also receive qualified swim instruction as will participate in a camp activity each day. This program is offered for different sessions throughout the summer, for boys and girls who have graduated from grade 1 to 6.

SPECIAL THEME DAYS

In addition to our regular programming, there are many special days planned within cabins, units, as well as camp wide. Send your campers dressed in the craziest, wackiest costumes! Please make sure everything is labelled and that no valuables or weapons are sent to camp. Theme days can be found on the camp calendar that will be sent out well in advance of the beginning of your camp session. Please make sure to read to the camp calendar carefully as some theme days are for specific units, while others are for the entire camp. We will send out email reminders leading up to the special days as well so that no one forgets!

SAFE CAMP POLICY

It is Crestwood Valley Day Camps primary priority to promote a safe, caring and supportive environment in order to optimize camper and staff safety, effectiveness and respect within each cabin group and at camp in general. The discipline of campers begins at home with parents/guardians who are the first and primary caregivers for their children. This includes responsibility for social development, behaviour and discipline. Crestwood encourages a partnership with parents in support of campers' social and emotional growth.

Clear behavioural expectations support camper engagement and are based on meaningful communication between peers, parents and staff at camp. Staff strive to create a positive camp culture that reinforces positive and productive behaviours while providing predictable and supportive consequences to behaviours that are identified as being inappropriate. It is the intent in all situations involving aggression to achieve fairness in consequences for the aggressor and support the victim.

Campers become aware of the consistent discipline approaches employed by camp staff and supervisors when a child exhibits inappropriate behaviour. When inappropriate behaviour occurs, progressive discipline practises are used. These practises include a wide range of positive practises to teach, reinforce and address behaviour. Parents are always informed if a situation arises.

At the discretion of the Director of Crestwood, a camper may be removed from camp if the camper has demonstrated, through a pattern of behaviour, that she/he has not prospered by the care and instruction available to her/him and that she/he is persistently resistant to making changes in behaviour which would enable her/him to prosper. A Director may ask that a camper be removed for 1 day or longer depending on the nature of the behaviour. Crestwood Valley Day Camp will do its very best to ensure all campers are safe at all times. Unfortunately, we will not refund a family for days missed due to a camper's inappropriate behaviour.

Crestwood Valley Day Camp ensures that staff are well trained and prepared to care for children. Along with training in creative programming, daily routines and general planning, staff are well trained in First Aid, CPR, Epi-pen and Emergency Procedures. Campers practise safety drills (fire, missing persons and lockdown scenarios).
